WEDNESDAY EVENING, FEBR'Y. 26.

Conscience in a Dog .- A correspondent of the London "Spectator" tells the following dog story:-"A young fox terrior, about eight months old, took a great fancy to a small brush of Indian workmanship, lying on the drawing room table. It had been punished more than ones for jumping on the table and taking it .-On one occasion the dog was left alone in the room accidentally. On my return it jumped to greet me as usual, and I said, "Have you been a good little dog while you have been left alone?" Immediately it put its tail between its leg and slank off into an adjoining room and brought back the little brush in its mouth from where it had hidden it. I was much struck with what appeared to be a remarkable instance of a dog possessing a conscience, and a few months afterwards, finding it again alone in the room, I asked the same question, while patting it. At once I saw it had been up to some mischief, for with the same lock of shame it waiked slowly to one of the windows, where it lay down, with its nose pointing to a letter bitten and torn into shreds. On a third ceea sion, it showed me where it had strewn a number of little tickets about the floor, for doing which it had been reproved previously. I can not account for these facts except by supposing the dog must have a conscience. LOTTERIES.

This important organ weighs but about three pounds, and all the blood in a living person (about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MER-RELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown, dirty locking skin, will aston-ish all who try it—they being the first symp-toms to disappear. The cure of all bilious disesses and Liver complaint is made certain by taking Hepatine in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given. Take no pills when you can get Hepatine at the same price. For sale by

No greater wrong can be done than to say than Consumption is incurable. The GLOBE FLOWER COUGH SYRUP will cure it when all other means have failed. BLOOD

Grave mistakes are made in the treatment of all diseases that arise from poison in the of all diseases that arise from poison in the blood. Not one case of Berofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease in a thousand is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. Dector PEMBERTON'S STILLINGIA or QUEEN'S DELIGHT is the only medicing upon which a hope of recovonly medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer. \$10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it. or affection; to give honest judgments of public measures and public men; but to trench on the sacred privacy of no man's hearthstone.

The news of the National Capital will be carefully looked after. The year 1879 will see the control of both branches of Congress returned to the Democratic Conservative party, and this section of the country, so unjustly dealt with for many years, may look to see fairer measures inaugurated. Since the seat of the Federal government was established in Washington the Gazette has never been without a full representation in the corps of correspondents there, and especial pains will be taken this year that everything of interest, especially such matters as have special reference to Virginia, shall be promptly and fully reported. The proceedings of the Legislative, Executive or Judicial Departments of the Government will find their earliest record

in the columns of the Gazette. Its Richmond correspondence will be unusually attractive-full in everything that concerns our local interests, faithful in all things, trench-

The record of events in the State of Virginia will be fully kept up, but to the intelligence of that section of the Commonwealth which nature has bound to Alexandria by the curvature of its mountains or the courses of its rivers, as well as that portion linked to us by the iron bands of railways, the Gazette will be especially and assiduously devoted.

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such painstaking care as will render an error, where even

The Cattle Markets of all the leading points of the world whose rates affect this market will be quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria sales

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexanandria and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epito mized for its columns, full details being given as to all stocks, &c., which find investors in this
